Payment can be made by transferring the subscription fee to the account number stated on the registration form. After payment, the pass will be sent within 10 days to the rental location indicated by you where you can collect the pass. ### **The pass is:**

- Personal and not transferable.
- Valid for the period 1 April to 1 October in the issued year.

### **Availability and reservation:**

- Making a reservation or requesting availability must be done by telephone with the relevant rental location.
- You can reserve in advance per location once a week.
- Last minute sailing? That is possible: call or drop by on the day itself: if boat is available you can book or sail directly.
- When booking in advance: max. 3 days in advance.
- You can place a reservation at several locations per week.
- When booking several consecutive closed days at 1 location, the card can be used for 1 day, the remaining days must be paid on location. The costs vary per location.
- Some locations rent out the Polyvalken with motor, others without. If you want to sail with a motor, you must reserve the motor in advance and pay the rent of the motor on site. The costs vary per location.

### **Rental period:**

- You sail under the rental rules of the relevant rental location (available there)
- You must always report in advance at the reception. Here your data will be noted and you will be informed which boat you can take with you. Some locations require a deposit, which must be paid in advance each time. Afterwards you must report that the boat is back and if damage has been made or there are defects to the boat, report this. Damages incurred are handled in accordance with the rules of the relevant landlord.
- The pass must always be shown upon registration.
- The boats must always be cleaned after the rental period.

If you cancel on the day itself or do not show up, €50 will be charged, you will receive an invoice for this. You must pay this within 14 days. (We are unfortunately forced to include this, in practice it appears that this boat is usually no longer rented).

- The material is not treated properly according to the assessment (regulations) of the lessor.
- The pass is used for commercial purposes.
